WARRANT FOR ANNUAL TOWN MEETING

March 9, 1963

To Inez M. Elliott, a Constable in the Town of Lyman, County of York and the State of Maine.

GREETINGS:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Lyman, County of York, qualified to vote in town affairs, to meet at the town hall, in said town on Saturday, March 9th, A.D. 1963, at 9:30 o'clock in the forenoon, then and there to act on the following articles, to wit:

The polls will be open at 10:00 o'clock A.M. and close at 2:00 o'clock P.M.

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose a clerk, a treasurer, a collector of taxes, a constable, a fire ward and a road commissioner for a term of one year; one selectman, assessor and overseer of the poor, and one member of the school board for a term of three years.

Article 3. To see what sum, if any, the town will vote to raise and appropriate for State aid road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the

provisions of Sections 44, 49 and 50, Chapter 23, Revised Statutes of 1954, as amended. **($1,066.00)**

Article 4. To see if the town will vote to authorize the assessors to rescind any amount appropriated by the town for State aid construction in excess of the amount required to meet State apportionment.

Article 5. To see what sum, if any, the town will vote to raise and appropriate to repair its highways, bridges and pond roads. **($2,500.00)**

Article 6. To see what sum if any, the town will vote to raise and appropriate for cutting bushes on town highways. **($150.00)**

Article 7. To see what sum, if any, the town will vote to raise and appropriate for street and town hall lights. **($200.00)**

Article 8. To see what sum the town will vote to raise and appropriate for snow removal and sanding of roads in winter. **($2,000.00)**

Article 9. To see if the town will vote a sum of money to spray for weevil on the pine plantations owned by the town to be expended under the supervision of the Soil Conservation Service. **($100.00)**

Article 10. To see what sum the town will vote to raise and appropriate for the support of its schools, including salary of superintendent (651.70), salary of secretary (461.88), school committee member (50.00), office expenses (284.29), instruction (17,886.62), textbooks (500.00) library, audio visual and teaching supplies (400.00), health council (215.00), attendance officer (12.00) transportation (5,500.00) insurance (70.00), fire

insurance (280.46), food service (200.00) high school tuition (22,700.00), janitor (1,040.00), fuel (450.00), utilities (650.00), janitor supplies (150.00), being a total of **($51,501.95).** Against the sum will be credited the following: 1962 Balance $5,012.89, State Subsidy $9-867.00, Federal Aid $2,000.00; a total of $16,879.89; leaving a balance of ($34,622.06).

Article 11. To see if the town will raise for the maintenance of schoolhouse and equipment (300.00), repair the present boiler and replace the smoke pipe (400.00): a total of $700.00.

Article 12. To see what sum, if any, the town will raise and appropriate to decorate soldiers' and sailors' graves. **($30.00)**

Article 13. To see what sum the town will vote to raise and appropriate for town officers' salaries.
($1,200.00 excise)

Article 14. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses. **($1,000.00 excise)**

Article 15. To see what sum the town will vote to raise and appropriate for the support of the Goodwin's Mills Fire Department Inc., for the ensuing year.
(500.00)

Article 16. To see how much money the town will vote to appropriate and raise to pay for one-half of the insurance and for one-half of the telephone bills for the Goodwin's Mills Fire Dept., Inc., for the ensuing year. Said money to be turned over to the Treasurer of the Goodwin's Mills Fire Dept., Inc., as a special fund for the two purposes stated in this article only.
($400.00)

Article 17. To see what sum the town will vote to raise and appropriate for the support of its poor.
($1,000.00)

Article 18. To see if the town will vote to purchase surety bonds for the collector of taxes, and the treasurer, and to raise and appropriate a sum of money for same. **($60.00 excise)**

Article 19. To see if the town will vote to raise and appropriate a sum of money for a public health nurse.
($100.00)

Article 20. To see if the town will vote to authorize its selectmen, in behalf of the town, to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, or by deed, on such terms as they deem advisable, and to execute and deliver quitclaim deeds for such property.

Article 21. To see if the town will vote a date for taxes to become due and payable and to fix a rate of interest to be charged on taxes unpaid after such a date.

Article 22. To see what sum, if any, the town will vote to raise and appropriate for the civil defense and public safety program. **($50.00)**

Article 23. To see whether or not the town will vote to raise and appropriate the sum of fifty dollars ($50.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

Article 24. To see if the town will vote to raise and appropriate the sum of $200.00 for the assembly hall fund. **($200.00)**

Article 25. To see if the town will vote to raise and appropriate a sum of money for police services at Kennebunk Pond. **($300.00)**

Article 26. To see if the town will vote to authorize the selectmen to procure a temporary loan or loans, within the 1963 taxable year, in the anticipation of taxes, for the purpose of paying obligations of the town; such loans to be paid during said taxable year.

Article 27. To see if the town will vote to raise and appropriate a sum of money to pay the interest on loans in anticipation of taxes. **($300.00)**

Article 28. To see what sum of money the town will vote to raise and appropriate for tar surface treatment on town road improvement construction. **($3,000.00)**

Article 29. To authorize the payment of $1,105.00, the sum due with interest on the fire truck note at Biddeford Savings Bank, and appropriate the money for same.

Article 30. To see if the town will raise and appropriate the sum of $35.00 to be paid to the York County treasurer for the purpose of a county wide planning study under the 1961 Area Redevelopment Act, to increase employment and income levels.

Article 31. To see if the town will vote to authorize the selectmen to contact the town of Dayton in regard to allowing the inhabitants of the town of Lyman the use of their dump.

Article 32. To see if the town will vote that a committee be established to make a study of location, method of disposal and other regulations for a dump and to report at a special town meeting.

Article 33. To see if the town will vote to raise the sum of $100.00 to pay the town of Dayton for the upkeep of a dump in Dayton, Maine, used by residents of the town of Lyman during the year 1962.

Article 34. To see if the town will vote to have a fire escape installed on the Town Hall and to appropriate money for the installation of same.

(Est. cost $500.00)

Article 35. To see if the town will vote to appropriate a sum of money to install a light at the parking lot of the Lyman Baptist Church.

Article 36. To see if the town will vote to accept the provision of the Revised Statutes of 1954, Chapter 90-A Sec. 61 and authorize and direct the Board of Selectmen to appoint members, of a Planning Board who in turn would be authorized to join and appoint Representatives to a York County Regional Planning Commission in accordance with Section 64 of the same statute.

Article 37. To see if the town will vote to authorize the selectmen to use the amount of money previously appropriated by the town for an assembly hall fund together with the accrued interest thereon to remodel the ground floor of the Town Hall and to provide a masonry vault for the storing of town records, rest rooms and an office for the use of the municipal officers.

Article 38. To transact any other business that may legally come before this meeting.

The Selectmen hereby give notice that the registrar of voters will be in session at the above named hall, and place of meeting, on Saturday, the day of said meeting, for the purpose of correcting the list of voters, from 9:00 o'clock in the forenoon until the closing of the polls.

Given under our hands at Lyman, Maine, this 20th day of February, A.D. 1963.

AUDITOR'S REPORT

February 18, 1963

Board of Selectmen
Town of Lyman
Lyman, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 8, 1963.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 8, 1963.

Respectfully submitted,

L. EVERETT OUTHOUSE

COMMENTS

CASH BALANCE

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also the Savings Account balance of the Assembly Hall Reserve Fund was verified by written confirmation.

Uncollected Taxes and Tax Liens

Unpaid taxes and tax liens at February 8, 1963, were verified by written confirmation, to the extent deemed necessary at the time of audit.

General

The procedure for keeping the municipal records of the Clerk, Treasurer and Tax Collector was examined, and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a month. Detailed records are kept of all accounts to support the balances as shown on the Trial Balance.

Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal

control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year. Bond and insurance coverages were examined. Excise Tax collections for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Superintending School Committee and the Citizens of the Town of Lyman:

Since I have been your Superintendent of Schools for only a short time, it is both awkward and difficult to give an accurate summary of the work completed in 1962. It is equally difficult at this time, to project far reaching plans for the months ahead.

Having reviewed your town reports and other available materials, it is apparent that many have tried, and still are trying, to improve the quality of education within the frame work of existing facilities and with funds that may be provided.

Increasing numbers of secondary students plus the increasing tuition rates, is a serious problem to all communities who do not provide a good quality of secondary educaton. Deep thought and serious consideration by all should be given to this problem. No task is too large if we work and travel in the same direction.

The December enrollment of the school year 1962-1963 was 84 and is arranged as follows:

Mrs. Elwell	
Grade 1	12
Grade 2	14
Mrs. Goodwin	
Grade 3	18
Grade 4	8

Mrs. Bedwell
- Grade 5 7
- Grade 6 8

Mr. Bedwell
- Grade 7 7
- Grade 8 10

The Town of Lyman is now sending 39 students to High Schools in other towns. They are listed as follows:

Biddeford	1
Kennebunk	26
Sanford	7
Thornton Academy	5

This is a decrease of 2 from the number reported last year. With 10 8th grade students presently enrolled at the Cousens Memorial School and 6 Seniors to graduate in June of 1963, we can anticipate a number of 43 to attend High Schools next year.

Respectfully submitted,

GILBERT S. STROUT

HEALTH COUNCIL REPORT

The first project of 1962 was a series of three Child Health Conferences held at the Dayton School during the months of April, May, and June. A physician and registered nurse were in attendance and immunizations, vaccinations and physicals were offered.

An Adult polio clinic was held during May and 33 individuals attended.

In August a fluoride clinic was held at the Dayton School. Fourteen children from Lyman received the treatments.

During October physicals were given to all children in grades 1, 4, 7, and all those participating in sports. Dr. Melvin Bacon was the attending physician.

Transportation was furnished for one child to the Maine Medical Center for glasses.

In November a Diabetic clinic was held at Cousens School and 118 specimens were tested. Miss Poirier, our Public Health Nurse, believes the excellent response to this clinic was due to the large publicity program carried out by our Publicity Chairman, Mrs. Beverly Harriman.

Regular meetings were held on the third Tuesday of each month during the year, except during the vacation months of June, July and August. A small group of faithful, hardworking members attended these meetings regularly and have made possible the many health activities listed above. It is hoped more members

will become active in the Council during the coming year and anyone interested in this work is welcome to attend our meetings.

We wish to thank Miss Florence Poirier, Public Health Nurse, who assisted us with our work in the past year and hope that we may be of service to the residents of our town in the coming year.

Respectfully submitted,

CELESTIA MONROE

GOODWINS MILLS FIRE DEPT., INC.

Report of the Chief

During the past year your fire department has answered the following calls:

Factory	1	House	3
Brooder House	1	Woods	3
Barn and Garage	1	Grass	4
House and Barn	1	Chimney	4
Summer Camp	1	Dump	9

A total of 28 located in the following Towns: Dayton 17, Lyman 10, and Waterboro 1.

I again wish to thank the Townspeople of both Towns for their support in the past year. Needless to say without this support we would not be able to maintain our dept.

During the past year, the frequency change in our radio network, required by the FCC was completed. We were able to obtain a second hand surplus radio from the Maine State Forestry Department and had it installed in our new pumper. This in connection with our new frequency has made for a more efficient communication system with the other towns on our new frequency.

Through a series of smorgasbord suppers and other fund raising activities the department members raised nearly $400 which has been used to help defray the cost of some of our expenses. Unfortunately, one of the pumps on our old tank truck broke down and had

to be replaced. This was an unexpected event. The money raised by the members covered the cost of the new pump and its installation.

Again, I would like to remind everyone that burning permits are required by state law for outside fires from the time the snow leaves in the spring until it comes again in the fall. Your cooperation in getting these permits will be greatly appreciated. Also, in case of fire **PLEASE** be sure to call your fire department first and then try to put the fire out if you think you can. This will get the members and the equipment on the way. Very often a few minutes at the right time at the start of a fire may make the difference between losing and saving valuable property. Your department members are always ready to help you solve any problem pertaining to fire safety around your home. Feel free to call on them at any time.

Again, on behalf of myself and the rest of the members of the Fire Department, I wish to thank all the Townspeople for their cooperation and assistance to the fire department.

Respectfully submitted,

MILTON MONROE

Chief

REPORT OF THE

PUBLIC HEALTH NURSE

Lyman — 1962

Public health nursing service is provided by the Division of Public Health Nursing of the Department of Health and Welfare. The nurse renders a generalized public health nursing service, which means that service is given to people in their homes, in the schools, and in the community.

Community health activities in which the nurse participated were the three child health conferences and the polio clinic. Only ten children attended the child health conference. This is an indication that there needs to be a survey of the community to see if the majority of pre-school children are under regular health supervision of their family physician.

At the polio clinic held in May, 33 individuals completed immunization against polio.

Public health nursing service to the schools included:

1. Periodic visits to school personnel to discuss individual pupils health status.

2. Screening tests of vision and hearing of selected children.

3. Participation at pre-school registration to provide parents with an opportunity to discuss the

child's health, to obtain the health history, and to start the school health record.

4. Planning and assisting at school health examinations.

5. Home visits to families of school age children with health problems.

Home visiting to families and individuals is the nucleus of the public health nursing service. The unique functions of the nurse in the home do not lend themselves well to statistical tabulation. The accomplishment in each situation is the important measurement of the nurse's contribution to community health. Her specialized knowledge in maintenance of health, her wide knowledge of health and welfare resources, and her skill in nursing care of the sick in the home are available to any family in the community. Health care is the responsibility of the family. The public health nurse is available to guide and to supplement family planning for healthful living.

Respectfully submitted

(Miss) FLORENCE POIRIER

Public Health Nurse

FP/crd

REPORT OF

BUILDING INSPECTOR

There were twenty-nine permits issued during the year of 1962, representing a total estimated cost of $40,-350.00, as given on the applications.

Most of this building is to be completed during the year 1963, and may not add to the valuation for this year.

Respectfully submitted,

RAYMOND C. BURBANK

WARRANT FOR ANNUAL TOWN MEETING

March 14, 1964

To Inez M. Elliott, a Constable in the Town of Lyman, County of York and the State of Maine.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lyman, County of York, qualified to vote in town affairs, to meet at the town hall, in said town on Saturday, March 14th, A.D. 1964, at 9:30 o'clock in the forenoon, then and there to act on the following articles, to wit:

The polls will be open at 10:00 o'clock A. M. and close at 2:00 o'clock P. M.

Article 1. To choose a moderator to preside at said meeting. Carl Rhodes

Article 2. To choose a clerk, a treasurer, a collector of taxes, a constable, a fire ward and a road commissioner for a term of one year; one selectman, assessor and overseer of the poor, and one member of the school board for a term of three years. See P. 2

Article 3. To see what sum, if any, the town will vote to raise and appropriate for State aid road construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the

provisions of Sections 44, 49 and 50, Chapter 23, Revised Statutes of 1954, as amended. **($1066.00)** Yes

Article 4. To see if the town will vote to authorize the assessors to rescind any amount appropriated by the town for State aid construction in excess of the amount required to meet State apportionment. Yes

Article 5. To see what sum, if any, the town will vote to raise and appropriate to repair its highways, bridges and pond roads. **($2500.00)** O.K

Article 6. To see what sum, if any, the town will vote to raise and appropriate for cutting bushes on town highways. **($150.00)** O.K.

Article 7. To see what sum, if any, the town will vote to raise and appropriate for street and town hall lights. **($200.00)** O.K

AUDITOR'S REPORT

Board of Selectmen
Town of Lyman
Lyman, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 7, 1964.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the resutls of its operation for the municipal year ended February 7, 1964.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/j

COMMENTS

CASH BALANCE

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also the balance of all Trust Funds were verified by written confirmation

UNCOLLECTED TAXES AND TAX LIENS

Unpaid taxes and tax liens at February 7, 1964, were verified by written confirmation to the extent deemed necessary at the time of audit.

GENERAL

The procedure for keeping the municipal records of the clerk-treasurer and Tax Collector was examined, and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a month. Detailed Records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and

other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year. Bond and insurance coverages were examined. Excise Tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

REPORT OF THE

SUPERINTENDENT OF SCHOOLS

To the members of the Superintending School Committee and the Citizens of the Town of Lyman:

The past year has been a period of revelation and uncertainty for many of us in respect to our school problems.

Since this time last year the towns of Limerick and Newfield have seen fit to form a School Administrative District with other towns outside our School Union. This withdrawal has caused the remaining towns in the Union to bear additional administrative expenses, plus narrowing the possibilities for district formation for the individual towns remaining. The Sinclair Law, (which permits towns to join forces and buy or promote that, which no one town would or could do for itself), has had a tremendous impact and has made great strides in the State of Maine. With this rate of progress, it would seem that consolidation of some kind is inevitable for all small communities.

Our present four-room elementary school, which has been adequate for housing our 8 grades previously, has become too small because of increasing enrollments and anticipated enrollments. In the Fall of 1964 we can expect 26 youngsters in Grade 1. If this grade is combined with Grade 2, a two-grade room of 42 students will exist. Good authorities tell us that from 22 to 25 students in a one-grade room reaches a point of being ideal. No authoritative opinions can be found justifying two grades per classroom. However, many

communities cannot afford to hire a teacher for only a few students per grade and therefore must double up when possible. In my opinion these double grades should be kept below 20 if possible.

The following data was compiled to show the student enrollment by grades and years for the Town of Lyman:

Year	Grades							
	1	2	3	4	5	6	7	8
1963	16	13	16	10	17	9	9	9
1964	26	16	13	16	10	17	9	9
1965	12	26	16	13	16	10	17	9
1966	15	12	26	16	13	16	10	17
1967	14	15	12	26	16	13	16	10
1968	23	14	15	12	26	16	13	16

These figures will indicate that if our youngsters are going to be placed at competitive level with other students in other towns our school will need to be competitive also.

During the past year our present water supply became so dangerously low and at times exhausted because of dry weather, the school sanitation was at a minimum. Your Superintending School Committee and I contemplated closing of the school several times during the early fall. We hope this situation may be remedied by the drilling of an artesian well for school purposes.

Cousens Memorial School opened the school season in the fall of 1963 with two new teaching personnel. Mr. John M. H. Curboy, Principal and Teacher of Grades 7 & 8 and Mrs. Louise B. Vold, Teacher of Grades 3 & 4. The town of Lyman is most fortunate to

have them join the teaching staff with Mrs. Alice Elwell and Miss Edith Goodwin. Mrs. Elwell has been with the Lyman School System for 45 years and Miss Goodwin is now enjoying her 35th year of teaching at the Lyman School.

Although we have many school problems ahead which cannot be solved simply or inexpensively, I solicit your help, understanding, and support that we may do the best possible for our young people for they are our leaders of tomorrow.

Respectfully submitted,

GILBERT S. STROUT

Superintendent of Schools

HEALTH COUNCIL REPORT

The first project of 1963 was a series of three Child Health Conferences held at the Lyman Baptist Church during the months of April, May, and June. A physician and registered nurse were in attendance and immunizations, vaccinations and physicals were offered.

Oral polio clinics were held at Cousens Memorial School in March, May, and June. These were very well attended.

During the summer a fluoride clinic was held at the school with children from Lyman receiving the treatments.

In September physicals were given to 33 children in grades 1, 4, and 7 of Cousens School. Dr. Melvin Bacon was the attending physician assisted by our Public Health Nurse and members of the council.

A Diabetic clinic was held in November at the Cousens School. All of the school children were tested plus a number of pre-schoolers and adults.

Regular meetings were held on the third Tuesday of each month during the year with the exception of June, July and August. At the present time the Council has a very small membership and it is hoped that in the coming year more will join, enabling us to provide the best possible health activites for the citizens of Lyman. Anyone interested in this work is cordially invited to attend our meetings.

We wish to thank Miss Florence Poirier, R.N. our Public Health Nurse, who assisted us during the past year and hope that we may continue to be of service to the residents of our town in the coming year.

GOODWINS MILLS FIRE DEPT., INC.

Report of the Fire Chief

During the past year your fire department has answered the following calls:

House	4
Woods	4
Summer Camp	1
Chimney	3
Grass	3
Car	2
Dump	2
School Bus	1
Furnace	1
Accident	1
Lost Man	1

A total of 23 located in the following towns: Lyman, 19 and Dayton, 4.

In addition, we also answered to 2 out of Town Calls in the City of Biddeford. One was a small house fire on the Goodwins Mills Road. The other was the $2,000,000 lumber yard fire at Diamond National.

On behalf of the members of the Goodwins Mills Fire Dept., Inc. I wish to thank the townspeople of both towns for their cooperation and support during the past year. It would be impossible for us, as a fire department to exist without this support. The support of the voters at the annual Town Meetings, the many donations, the attendance and contributions to our various suppers and other projects, the work and contributions of the Lyman P.T.A. and Dayton Community Club, are some of the things for which we are truly grateful.

You will recall that the month of October, last past, was an extremely dry month. We were very fortunate that we were not called out to fight any fire of a very serious nature. This again, is due to the watchfulness and care of all the townspeople. Though we were prepared, we are eternally grateful that the condition that existed in the two towns in 1947, was not repeated. We trust that the extreme caution and the prompt reporting of any fire, no matter how small, will continue to be first and foremost with all parties concerned.

I am sorry to report that Milton Monroe, who has been our chief for the past few years has resigned. Due to reasons of health, he has decided to relinquish the chief's position. He made many worthwhile contributions to the department while chief, and we hope that his health will improve as time goes by.

I would like to remind everyone that burning permits for outside fires are required by state law from the time the snow leaves in the spring until it comes again in the fall. Your cooperation in getting these burning permits will be appreciated. If in doubt, call your fire chief or any member of the department. They will be only too glad to assist you in any way that they can.

Again, on behalf of myself and the rest of the membership of the Goodwins Mills Fire Dept. Inc., I wish to thank all of the townspeople for their cooperation and assistance to the fire department.

Respectfully submitted,

CURTIS C. TAYLOR, JR.

REPORT OF PUBLIC HEALTH NURSE

Lyman — 1963

Your public health nurse, a member of the staff of the Division of Public Health Nursing, provided public health nursing services in the town of Lyman during the year 1963. A summary of the services follows:

During April, May and June, child health conferences were held in combination with the town of Dayton. The total attendance of 32 included three infants and 29 pre-school children. Of this number 21 received physical examinations by Dr. Bacon. The following immunizations were given at child health conference:

Smallpox	12
Diphtheria, whooping cough and tetanus—	
Completed series	4
Boosters	8
Polio	1

In April an immunization clinic was held at the school with a total attendance of 43 children and two adults. At this time the following immuizations were given:

Smallpox (two adults)	27
Diphtheria, whooping cough & tetanus—	
Boosters	34

Three Sabin oral polio vaccine clinics were held for all the citizens. Following is a summary of those who were immunized at that time with age distributions:

Age	3-31-63 Type I	6-9-63 Type III	5-5-63 Type II
Under 1 yr.	1	2	2
1 - 5	68	52	61
6 - 14	69	67	63
15 - 39	107	93	88
40 yrs. and over	81	74	67
Total attendance	326	288	281

In order to be fully immunized it is necessary to receive all three types of the vaccine. Many communicable diseases are still around and could become widespread if protection is not maintained. During the past year, Lyman has had an epidemic of communicable diseases, some of which could have been controlled through proper immunizations.

The function of the nurse in school takes on many aspects, one of which is participation in pre-school registration. Here the nurse interviews the parents regarding the health history, immunizations, and discusses any health problems. Everything we do to assure children a healthy start in life improves their chances of health in maturity. In order to receive maximum benefits from his educational experiences, the child should begin school as free as possible from any health condition which may interfere with his school progress. The teacher is in a unique position to observe and refer any child who appears to have a health problem. Periodic interviews with teachers have resulted in several referrals, and home visits have been made to help parents plan for correction and treatment. In the fall 33 pupils from grades 1-4-7 were examined by Dr. Bacon, school physician. I would like to take this opportunity to extend an invitation to all parents to accompany their child when examinations are given

since only three parents were present this year. Notices of defects were sent to parents and the nurse is making follow-up visits to help parents plan for correction. Vision rechecks, done on five children referred by the teachers, resulted in the same findings. This shows that teachers, through daily contact and observation of the children, do good screening. Audiometer tests were done on 22 pupils from grade 2 and several grades upon referral by the teacher. Three were found to have some degree of hearing loss and parents were notified.

The work of the public health nurse centers on the family and the home. It is often through home visits that the nurse establishes the first contact with families. Here in their familiar surroundings, she may be able to guide them in planning for the care of the sick. It is clearly evident that our public health programs of the future will be concentrated on older persons among whom chronic disease and disability are more prevalent. Because of scientific advances in prolonging life we are faced with a greater number of long term illnesses, and home nursing care of the sick becomes increasingly important. During the year, I have visited expectant mothers, infants, pre-school, school, and crippled children. Many others I could have helped if they had been brought to my attention. In order to give the best service possible, I need the support and cooperation of every member of the community.

I would like to take this opportunity to thank everyone who has given support to the program.

Respectfully submitted,

(Miss) FLORENCE G. POIRIER, R.N.

Public Health Nurse

REPORT OF BUILDING INSPECTOR

A total of thirty-four permits were issued from Jan. 1, 1963 to Feb. 7, 1964. They represent an estimated cost of $42,200, some of which at present are not completed.

Respectfully submitted,

RAYMOND C. BURBANK

Inspector

AUDITOR'S REPORT

February 24, 1965

Board of Selectmen
Town of Lyman
Lyman, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 5, 1965.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered nceessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 5, 1965.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/j

COMMENTS

CASH BALANCE

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also the balance of all Trust Funds were verified by written confirmation.

UNCOLLECTED TAXES and TAX LIENS

Unpaid taxes and tax liens at February 5, 1965, were verified by written confirmation to the extent deemed necessary at the time of audit.

GENERAL

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers stationed herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a week. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy

of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year, Bond and insurance coverages were examined.. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

REPORT OF THE

SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the citizens of the Town of Lyman:

Fortunate indeed are the boys and girls of Lyman to have a school as fine as the Cousens Memorial School. This year you have added two new modern classrooms, a new heating system and an artesian well, assuring an adequate and comfortable physical environment for future classes. Thanks go to Mr. Raymond Burbank Chairman of the Building Committee for his devoted interest and time given in keeping a close watch on all construction activities. The teachers deserve a word of commendation for maintaining classes so admirably during the construction period. Mr. Carl Rhodes has been the advisor and consultant in all matters pertaining to the school. His experience and years of service have helped immensely in planning the future program and procedure to be followed in school policy.

I have made regular visitations to observe progress at the school and I believe the pupils are receiving a good education designed for the whole child. The books and supplies are adequate and being used to good advantage. The health of each boy and girl is checked periodically and the physical growth recorded. The school has a fine cafeteria, serving a hot lunch at noon that meets all requirements of a well balanced diet. One thing that pleased me immensely was the obvious teaching of morality, good manners, respect for others

and pride in character. We need such teaching in every school, in order to survive in a world apparently letting its sense of values in common honesty and decency deteriorate.

To stimulate the minds and actions of our youth, we must forever be looking for new procedures of instruction, projects and activities that are sound educationally. In the near future we must inject some modern mathematics into the school curriculum not replacing our traditional basic fundamentals but as a supplement to enrich the study. Now that we have the two new classrooms it will be possible to use the assembly room for a better audio-visual aids program. Many films are available that give special information and aid in understanding any subject being studied. The assembly room may be used for little plays, oral talks, role playing, special speakers, remedial classes or any worthwhile project helping the children to learn.

An exchange of ideas along with establishing continuity in subject matter greatly enhances the chances of later success after entering the secondary school. I believe we should maintain a closer contact with Kennebunk Junior High teachers and officials, checking on how and what is being taught in preparing grade eight for grade nine.

I have a few ideas I hope to incorporate into the school program with the help and cooperation of the teachers and school committee as the year progresses. Rather than tell you about them now, I would prefer to wait until my next report to you and list then any real accomplishments or achievements made during the year.

My desire is to help improve if necessary the education being received by every boy and girl under my supervision and I believe with full cooperation, the Cousens Memorial School will move forward meeting the challenge that is now before us.

Respectfully submitted,

CARLETON M. ROBBINS

Superintendent of Schools

HEALTH COUNCIL REPORT

A series of three Child Health Conferences were held in April, May and June at the Advent Christian Church. Dr. William O'Sullivan was the attending physician assisted by Miss Florence Poirier, R.N. Immunizations, vaccinations and physicals were offered. At the June Conference, Miss Dorothy Woodcock, a Nutritionist from the Department of Health and Welfare in Augusta was present and spoke to the mothers about the importance of well balanced meals and nutritious snacks for growing children.

During the summer a fluoride clinic was held at the Dayton Consolidated School. Fifteen children from Lyman attended.

In September school physicals were held for all children in grades 1, 4, and 7 of Cousens School. The Advent Christian Church kindly let us use their Sunday School rooms for this purpose. The attending physicians were Dr. William O'Sullivan and Dr. Germaine Binette assisted by our Public Health Nurse.

During September we were very fortunate to have Mr. George Pillsbury of the Central Maine Power Company give a demonstration on mouth-to-mouth resuscitation for the benefit of all residents of Lyman and Dayton. This program was held at the Goodwins Mills Fire Station and was well attended.

In November a Diabetic clinic was held at Cousens School and all the school children were tested. It is hoped that in the future more of our pre-schoolers

and adults will avail themselves of this clinic.

The regular meetings of the Council are held on the third Tuesday of each month at 9:30 A.M. While our membership has increased during the past year we hope the coming year will find an even larger number attending. We wish to take this opportunity to cordially invite all interested persons to attend our meetings.

Respectfully submitted,

CELESTA MONROE, Chairman

MARJORIE JOHNSTON, Secretary

ELIZABETH CURRAN, Treasurer

REPORT OF PUBLIC HEALTH NURSE

Lymna — 1964

The increase in chronic illness, because of a greater number of older people, and shorter periods of hospitalization, gives us more and more need for home nursing care. The nursing care needs and problems of a patient do not necessarily disappear when he is discharged from the hospital or the acute phase of his illness is over. Your public health nurse can be of valuable assistance to the family in carrying out the physician's recommendations, and with the help of the family, providing the nursing care necessary for maximum recovery of the patient.

Part-time nursing services in Lyman have been provided through the Division of Public Health Nursing of the Department of Health and Welfare. A summary of the services follows:

Three Child Health Conferences were held in April, May and June in combination with the town of Dayton with a total attendance of 54. This is an increase of 22 over last year. Of this number 16 received physical examinations. The following immunizations were given:

Smallpox	20
Diphtheria, whooping cough & tetanus:	
Complete series	6
Boosters	5
Polio:	
Boosters	22

In May, 25 pupils from grades 1 and 7 were given the tuberculin test and all were negative. This test was again done in December on 30 pupils from the same grades and again they were all negative. In the spring I participated in preschool registration and interviewed the parents regarding the health history and immunizations. This information is valuable in starting the health record with pertinent information. It also gives the parents an opportunity to have defects corrected if possible so that the child enters school with maximum health. Interviews with teachers regarding health problems have resulted in correction. Home visits have been made when indicated. Physical examinations were done in the fall on 46 pupils from grades 1-4 and 7. Follow-up home visits were made on those found to have defects to help parents plan for correction. Audiometer tests were done on 18 pupils and they were all found to have normal hearing.

Home visits were made to expectant mothers, infants preschool, school and crippled children during the past year. Since many communicable diseases have been checked through immunizations, public health nursing plans for the future will include more services to the aged and chronically ill.

I would like to take this opportunity to thank all who have helped in the success of the program.

Respectfully submitted,

FLORENCE G. POIRIER, R.N.

Public Health Nurse

GOODWINS MILLS FIRE DEPT., INC.

Report of the Fire Chief

During the past year your fire department has answered the following calls:

House	3
Barn	4
Car	4
Dump	2
Woods & Grass	9
Chimney	6
Rubbish	6
Accident	1
Water Pump	1

A total of 36 located in the following towns: Dayton 16 and Lyman 20. In addition, we have also answered to two out of town calls: one for a chimney fire in Biddeford and the other for the Notre Dame Institute in Alfred.

On behalf of the members of the Goodwins Mills Fire Department, I wish to thank the townspeople of both towns for their continued support during the past year. This loyal support at the Town Meetings, and by your contributions and attendance to our various projects is grealty appreciated by all of the members. The efforts of the various members of the Dayton Community Club and the Lyman P.T.A. for their help with our annual Hallowe'en Party is also greatly appreciated.

The past summer was extremely dry and exactly half of our calls were during the three months of August, September and October. Thanks to the vigilance and the prompt reporting of any signs of fire the losses during these months was negligible. We trust that this extreme vigilance and the prompt reporting of any fire will continue to be of prime importance to all parties concerned.

A series of training programs is planned as soon as the weather permits. This will not only benefit the older department members but will give the newer members a chance to become thoroughly familiar with the equipment and some of the problems encountered when fighting fire.

Please be reminded that burning permits for outside fires are required by state law from the time the snow leaves in the spring until it returns in the fall. Your cooperation in getting these permits will be greatly appreciated. Your Town Forest Wardens, Raymond Burbank in Lyman and Leo Goodwin in Dayton are the only ones authorized to issue these permits. I am sure they will be happy to issue burning permits whenever conditions are favorable.

Again, on behalf of myself and the rest of the members of the Goodwins Mills Fire Department, wish to thank all of the townspeople for their continued cooperation and assistance to the fire department.

Respectfully submitted,

EDWARD MULLEN, Chief

REPORT OF THE FIRE WARDEN

There were 30 permits issued for various purposes, all of which caused no trouble.

Several other fires were reported and controlled without serious damage. At this time I wish to thank the Maine Forest Service and the fire department for their help in containing the fires to small ones.

May I remind you again that a permit **MUST** be obtained for outdoor fires under the law.

RAYMOND C. BURBANK

Town Forest Fire Warden

BUILDING PERMITS

During the calendar year of 1964 there were issued 20 permits for new construction within the town.

At this time I wish that a study could be made for some type of a building code, that would make for a better class of construction within the town.

WARRANT

March 12, 1966

To Inez M. Elliott, a Constable in the Town of Lyman, County of York and the State of Maine:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lyman, County of York, qualified to vote in town affairs, to meet at the Cousens Memorial School, in said town on Saturday, March 12th, A.D. 1966, at 9:30 o'clock in the forenoon, then and there to act on the following articles to wit:

The polls will be opened at 10:00 o'clock A.M. and close at 2:00 o'clock P.M.

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a clerk, a treasurer, a collector of taxes, a constable, a road commissioner and one member of the school board for a term of one year; one selectman, assessor and overseer of the poor, and one member of the school board for a term of three years.

Article 3. To see what sum, if any, the town will vote to raise and appropriate for State Aid Road Construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Sections 44, 49, and 50, Chapter 23, Re-

vised Statutes of 1954 as amended.

($1066.00 from taxes)

Article 4. To see if the town will vote to authorize the assessors to rescind any amount appropriated by the town for State Aid Construction in excess of the amount required to meet State apportionment.

Article 5. To see what sum, if any, the town will vote to raise and appropriate to repair its highways, bridges and pond roads.

($2500.00 from taxes)

Article 6. To see what sum, if any, the town will vote to take from the accumulated surplus for cutting of bushes on town highways.

($150.00)

Article 7. To see what sum, if any, the town will vote to raise and appropriate for street, town hall and blinker lights.

($300.00 from taxes)

Article 8. To see what sum, if any, the town will vote to raise and appropriate for snow removal and sanding of roads in winter.

($3000.00 from taxes)

Article 9. To see what sum the town will vote to raise and appropriate for the support of its schools, including salary of the Superintendent ($872.10), salary of secretary ($965.71), school committee ($50.00), office expense ($379.67), Administration ($100.00), instruction ($26575.00), music supervisor ($500.00), physically handicapped ($200.00), substitute teachers ($200.00), professional credits ($100.00), textbooks ($700.00), library and audio visual ($300.00), teaching supplies ($500.00),

attendance officer ($12.00), Health Council ($215.00), transportation ($7,020.00), janitor ($1,040.00), Heat ($1,-000.00), utilities ($900.00), janitor supplies ($300.00), other ($50.00), insurance ($350.00), school lunch ($200.00), high school tuition ($21,110.24), elementary school tuition ($225.00). Being a total of $63,864.74, to which will be credited the following: 1965 balance $2661.91, State Subsidy $17,765.74; a total of $20,427.65, leaving a balance of $43,437.09.

(asking $44,000.00)

Article 10. To see if the town will vote to raise for the maintenance of the school house and equipment, the following amounts: refinish floors ($300.00), paint cafeteria ($200.00), put up railing ($50.00), insulation for main building ($300.00), furniture ($450.00), grounds ($100.00), driveway ($400.00), overdraft ($100.63), being a total of $1900.63.

(asking $1900.00)

Article 11. To see what sum, if any, the town will raise and appropriate to decorate soldiers' and sailors' graves.

($30.00 surplus)

Article 12. To see what sum the town will vote to raise and appropriate for town officers' salaries.

($2500.00 excise tax)

Article 13. To see what sum the town will vote to raise and appropriate for miscellaneous expenses.

($1500.00 excise tax)

Article 14. To see what sum the town will vote to raise and appropriate for the support of the Goodwins Mills Fire Department, Inc. for the ensuing year.

($500.00 taxes)

Article 15. To see what sum the town will vote to raise and appropriate to pay one-half of the insurance and one-half of the telephone bills for the Goodwins Mills Fire Dept., Inc. for the ensuing year. Said money to be turned over to the Treasurer of the Goodwins Mills Fire Dept. Inc. as a special fund for the two purposes stated in this article only.

($500.00 taxes)

Article 16. To see if the town will vote to raise and appropriate the sum of $200.00 for the Goodwins Mills Fire Dept. Inc. Said money to be turned over to the Treasurer of the Goodwins Mills Fire Dept. Inc. as a special fund to be used for the purpose of purchasing new hose.

($200.00 taxes)

Article 17. To see what sum the town will vote to raise and appropriate for the support of the poor.

($1000.00 taxes)

Article 18. To see if the town will vote to purchase surety bonds for the collector of taxes, excise tax collector and treasurer; and to raise and appropriate a sum of money for same.

($60.00 taxes)

Article 19. To see if the town will vote to raise and appropriate a sum of money for a public health nurse.

($100.00 taxes)

Article 20. To see if the town will vote to authorize its selectmen, in behalf of the town, to sell and dispoes of any real estate acquired by the town for nonpayment of taxes thereon, or by deed on such terms as they deem advisable, and execute and deliver quitclaim deeds for such property.

Article 21. To see if the town will vote to take the sum of $50.00 from the accumulated surplus for the Civil Defense and Public Safety Program.

Article 22. To see if the town will vote a date for taxes to become due and payable and to fix a rate of interest to be charged on taxes unpaid after this date.

Article 23. To see whether or not the town will vote to raise and appropriate the sum of fifty dollars ($50.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91 Section 108, of the revised Statutes of 1954.

Article 24. To see if the town will vote to raise and appropriate the sum of $200.00 for the assembly hall fund.

($200.00 taxes)

Article 25. To see if the town will vote to raise and appropriate a sum of money for police services at Kennebunk Pond.

($200.00 taxes)

Article 26. To see if the town will vote to authorize the selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town; such loan or loans to be paid during the current municipal year out of money raised during the current year by taxes.

Article 27. To see if the town will vote to raise and appropriate a sum of money to pay the interest on loans in anticipation of taxes.

($200.00 taxes)

Article 28. To see if the town will vote to raise and appropriate a sum of money for tar surface treatment on town roads improvement construction.

($3000.00 taxes)

Article 29. To see if the town will vote to withdraw the current year's interest from the Horace Cousens Reserve Fund to apply against the note due on the Cousens School addition for the year 1966.

($556.00)

Article 30. To see if the town will vote to raise and appropriate the amount of money needed to pay the note, with interest, due on the Cousens School addition for the year 1966.

(Total amount due $5842.10)

Article 31. To see if the town will vote to appropriate the sum of $400.00 to cooperate with the Maine Forest Service and Federal Government in the control of white pine blister rust, in accordance with Revised Statutes of 1954 Chapter 36, Section 69.

Article 32. To see if the town will vote to raise and appropriate the sum of $50.00 to be paid to the York County Treasurer for the purpose of supporting economic improvement activities of the York County Regional Planning Commission.

Article 33. To see if the town will vote to provide a boat launching area at Kennebunk Pond, and to raise and appropriate the money needed to properly mark this space as being a boat launch.

Article 34. To see if the town will vote to adopt the Building Code as prepared by the Committee authorized at the Town Meeting held March 13, 1965.

Article 35. To see if the town will vote and authorize the sum of $75.00 to cut bushes and any other work recommended by the York County Soil Conservation Service forester, in the Town of Lyman Plantation.

Article 36. To see if the town will vote to authorize the municipal officers to withdraw the sum of $491.61, now in a special account in the First National Bank of Biddeford, and deposit it in the Horace Cousens Reserve Account at the Biddeford Savings Bank. This sum being the balance of the sum withdrawn from the Horace Cousens Reserve Account to assist in completing the artesian well at the school.

Article 37. To see if the town will vote to raise and appropriate a sum of money to furnish a telephone in the municipal office.

Article 38. To transact any other business that may legally come before this meeting.

The selectmen hereby give notice that the registrar of voters will be in session at the above named place of meeting, on Saturday, the day of said meeting, for the purpose of correcting the list of voters, from 9:00 in the forenoon until the closing of the polls.

Given under our hand at Lyman, Maine, this twenty-third day of February A.D. 1966.

AUDITOR'S REPORT

February 18, 1966

Board of Selectmen
Town of Lyman
Lyman, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Lyman for the fiscal year ended February 5, 1966.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this eport, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 5, 1966.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/j

COMMENTS

CASH BALANCE

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also, the balance of all Trust Funds were verified by written confirmation.

UNCOLLECTED TAXES and TAX LIENS

Unpaid taxes and tax liens at February 5, 1966, were verified by written confirmation to the extent deemed necessary at the time of audit.

GENERAL

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined, and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a month. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year. Bond and insurance coverages were examined. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

REPORT OF THE

SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the Citizens of the Town of Lyman:

The enrollment of elementary and secondary pupils for the year 1965-1966:

Grade one	21
Grade two	29
Grade three	16
Grade four	10
Grade five	16
Grade six	8
Grade seven	17
Grade eight	7
Total elementary pupils	124
Grade nine	11
Grade ten	7
Grade eleven	10
Grade twelve	10
Total secondary pupils	38
Attending Kennebunk High School	27
Attending Sanford High School	7
Attending Biddeford High School	1
Attending Thornton Academy	3
Total number pupils 1965-1966	162

Estimated number elem. pupils 1966-67	135+
Estimated number sec. pupils 1966-67	35
Total	170+

Without any satisfactory arrangement for making the classes function properly, due to increased enrollment with only the five teachers now employed, I sincerely recommend the acquiring of an additional teacher.

Changes This Year

Mr. Kenneth Spaulding replaced Mr. John Curboy as Principal and teacher of grades seven and eight. Under the supervision of Mr. Spaulding the school has progressed most satisfactorily in every area of good programming, teacher-pupil relationship, discipline, care of school and educational achievement. It is a pleasure to have a school function smoothly and well.

The neatness of the rooms is a definite step forward. Having the floors resurfaced in the halls and classrooms of the main building; the teachers' room and supply room refinished and the assembly room made available for special goups, certainly helps enhance the environment.

The cafeteria is being improved constantly and many thanks go to the dedicated parents club for all they do toward making the school a better place for boys and girls to get an education. The grounds and play equipment need some attention in the near future and then I believe everything will be just about complete.

Testing

In the fall, I tested 53 pupils in grades two, four,

six and seven using the Otis Quick Scoring Mental Ability tests. The results are quite interesting and I believe will help in planning curriculum and future classes. Twenty-two pupils, or 41½%, of those tested, have a definite potential ability qualifying them for college preparatory study on entering high school. Twenty-six pupils or 49% would take vocational courses or possibly a college course and the remaining five or 9½% should be in special classes. This means a schedule should be planned of studies that will benefit each group.

Because of increased numbers in certain localities, it was necessary to add another bus. Mr. Mullett took Mr. Sotir's place, using a station wagon for his passengers. Mr. Stearns bought a bus to transport secondary pupils and was able to transport some of the elementary pupils when it became necessary.

Teachers

One word about the Cousens Memorial School teachers. They are a conscientious, loyal, punctual, and hard working group of people. Only one substitute was necessary for one day during the year, which would make it seem that they are exceptionally healthy too. All have degrees, which means four years of preparation beyond high school.

Mrs. Vold retires this year after a successful teaching career and the town loses a fine teacher. The best of luck and good wishes go with Mrs. Vold from all of us.

Necessary and recommended improvements in subject areas are: new social study textbooks; revised editions of modern mathematics without losing the traditional basic fundamentals and an up-to-date sci-

ence text. I believe that these three areas need attention as soon as possible and then perhaps we should examine other subject material for improvement.

It is a pleasure to work with the Lyman School Committee. Members that have the interest in school affairs and the willingness to perform many duties demanding time and energy are a blessing to any superintendent.

I want to thank Mrs. Elizabeth Boothby for her fine service, on behalf of the school committee and the town. Mrs. Ruth Hammond took Mrs. Boothby's place.

I express sincere appreciation to all school personnel, the Parents' Club, the town officials and all citizens that have contributed to the success of this school year.

Respectfully submitted,

CARLETON M. ROBBINS

Superintendent of Schools

REPORT OF PUBLIC HEALTH NURSE

Public health nursing aims to help individuals and families to realize their full potential for healthful living and independence. It is a special field of nursing that combines the skills of nursing and functions as part of the total public health program for the promotion of health, prevention of illness and disability and rehabilitation. Citizens participate in the health activities through health councils and volunteer workers for specific activities.

The nursing services in Lyman have been provided through the Division of Public Health Nursing of the Department of Health and Welfare. A summary of the services follows:

Three Child Health Conferences were held in March, April and May with a total attendance of 25. Four received physical examinations. The following immunizations were given:

Smallpox	9
Diphtheria, whooping cough, tetanus:	
Series	1
Boosters	8
Polio:	
1st	5
2nd	2
Boosters	5

Physical examinations of 45 pupils from grades 1-4-7 have been completed. Very few defects were found and families have been visited to interpret the condition and help the family plan for correction.

In March an immunization clinic was held at school with a total attendance of 63. This clinic offers smallpox vaccination to all citizens but adults do not attend. I would like to state that one vaccination does not provide lifetime immunity and must be repeated if maximum protection is maintained. The following immunizations were given:

Smallpox	34
Diphtheria & tetanus:	
Series	4
Boosters	44
Polio:	
Boosters	27

Participation in pre-school registration gives me an opportunity to interview parents regarding each child's health, disease history and immunizations and help parents plan to prepare the child so that he enters school in the best possible state of health. Measles vaccine is now available and emphasis is placed on protection of the pre-school child. It would be a good plan to offer it to the children of Lyman in the near future. Tuberculin testing of children in grades 1 and 7 is being planned for early January 1966. Hearing tests will also be done in selected grades and other pupils on teacher referral.

Home visits were made to infants, pre-school, school, crippled children and adults who had health problems where I could be of assistance.

There may still be unmet health needs but with the valuable assistance from the health council we will work together to make this community a better one to live in.

I would like to take this opportunity to thank all who have helped in the success of the program.

Respectfully submitted,

(Miss) FLORENCE G. POIRIER, R.N.

Public Health Nurse

HEALTH COUNCIL REPORT

The Lyman Health Council is a group of volunteers from your town, organized to offer immunizations, physicals, child health clinics and any available medical aid to every member of the community. The Council's aim is help control communicable diseases through immunization, provide preventative services by offering programs such as school and pre-school physicals, fluoride treatments, and Red Cross Swimming lessons, sponsor detection programs such as the Diabetes Clinic during Diabetes Week, and also to support and help the school doctor, public health officer, and our public health nurse.

A summary of the Council's activities for 1965 follows:

In March an immunization clinic for the townspeople was headed by Dr. Melvin Bacon, our public health officer, assisted by Miss Florence G. Poirier, R.N., our public health nurse. A total of 63 children were examined. No adults attended this clinic although

it was offered to all residents of Lyman.

A series of three Child Health Conferences were held at the Dayton School in conjunction with the Dayton Community Club during March, April and May. The attending physician, Dr. G. Patrick Shaw and Miss Poirier offered physicals and immunizations to the pre-schoolers from both towns. A total of 25 children attended.

During July the Council sponsored a Red Cross swimming course for Lyman children from 6 to 14 years old. Two Red Cross instructors, assisted by a student headed the 2-week course held at Mr. Winfield Sawtelle's beach on Swan Pond. A total of 69 children participated in the classes. Volunteers from the town supervised as mother helpers. The program was very popular with parents and children alike and we hope to offer it again in the future.

An annual program of mouth health education and decay prevention was carried out at the Cousens Memorial School in August by a dental hygienist from the Division of Dental Health, State of Maine Department of Health and Welfare. Every child enrolled in grades 2, 5, and 8 and pre-schoolers were eligible to receive a professional cleaning of his teeth, a mouth examination, and four applications of sodium fluoride for the partial prevention of tooth decay. A total of 22 children, including 2 pre-schoolers participated in the program that occupied 3 days.

A diabetic detection clinic was held November 18. The townspeople were asked to send samples of urine to the school to be tested. One hundred and sixty-six people were tested. Out of these, 141 were children. The Health Council urges more adults to take advan-

tage of this opportunity.

On Nov. 30 the children in Grades 1 and 4 were given physicals by Dr. J. Robert Downing, our school physician assisted by Miss Poirier. Grade 7 was tested on December 7. This year, for the first time, a test to determine anemia was included in the check-up. Mrs. Paul Cote, a laboratory technician, conducted the testing. A total of 45 school children were examined.

Council meetings were held on the third Tuesday of every month excepting June, July, August and December. Plans are underway for an active year in 1966 and we should like to extend an invitation to anyone who is interested in health volunteer work and education to attend our meetings.

At this time, we should like to thank our public health nurse, Miss Florence Poirier, in behalf of the citizens of our town for her interest and concern for each individual and for the total public health of our community.

GOODWINS MILLS FIRE DEPT., INC.

REPORT OF THE FIRE CHIEF

During the past year your fire department has answered the following calls:

House	3
Chicken House	1
Brush	12
Dump	8
Chimney	4
Car	1
Oil Burner	1

A total of thirty calls located in the following towns: Dayton 19 and Lyman 10. One out of town call in Arundel.

Once again, on behalf of the members of the Goodwins Mills Fire Dept., I wish to thank the townspeople of both towns for their continued support during the past year, not only at the Town Meetings but also, through their contributions and efforts expended to our various fund-raising projects throughout the year. This continued support, as in the past, is greatly appreciated by all of the fire department members.

The extremely dry conditions of this past summer created a very serious fire danger. Extreme vigilance and the early reporting of any smoke prevented our towns from having any major fire disasters. At our request, the Dayton dump was closed through this extremely dry spell. While we realize that this may

have been an inconvenience and an added expense to the two towns, we feel that the precautionary measure may have prevented a major disaster to the property of many people in the area and the subsequent loss of valuable taxable property.

Our fire station has been improved with the addition of the new hose drying tower. While not yet complete, it is usable and will make a valuable addition to our station. The ability to dry hose promptly and completely will enable us to extend the serviceable years of life of each section of hose. In addition, this spring another series of training programs is planned to acquaint our new members with the various phases of fire fighting and to make all concerned more proficient in the operating of the equipment.

The last regular session of the Maine State Legislature passed some new laws in regards to fire permits and also, in regards to approved fire incinerators. It is suggested that you contact your Town Forest Wardens in order to become familiar with these requirements. Raymond Burbank in Lyman and Leo Goodwin in Dayton are the Town Forest Wardens and I am sure that they will be happy to acquaint you with the requirements of the new laws.

Once again, on behalf of all the members of the fire department, thank you for your cooperation and assistance.

Respectfully submitted,

EDWARD MULLEN

Chief

BUILDING PERMITS

Permits were issued during 1965 for an estimated cost of $49,500.00.

It is hoped that the citizens will accept the Building Code as presented by the committee.

RAYMOND C. BURBANK

Building Inspector

REPORT OF THE FOREST FIRE WARDEN

A total of 39 permits were issued during the burning season.

At this time I wish to call your attention to the new fire laws:

2436-A. Burning of debris

For the purposes of this section "debris" shall be defined as any manufactured product, household rubbish, hay or other vegetative accumulations or materials not included in Title 12, section 1551. No person, firm or corporation shall burn debris out of doors other than when the ground is covered with snow, except between the hours of 5 p.m. and 12 midnight. This section shall not apply to burning in incinerators approved by a municipal fire chief, town forest fire warden or forest ranger; burning at municipally maintained dumps, burning in municipalities wherein ordinances control the time and manner of such burning; not to special burning jobs where a written permit is provided by the municipal fire chief, town forest fire warden or forest ranger. Whoever violates this section shall be punished by a fine of not less than $10 nor more than $50.

1653. Partial payment of costs of suppressing forest fires

Any person, firm or corporation who shall willfully or negligently cause a fire which burns forest, brush, grass or other lands or shall willfully fail to take reasonable action to control a fire on his own land shall be liable civilly up to a maximum of $500 of the suppression costs to the State or municpality which aids in suppressing the same.

RAYMOND C. BURBANK
Forest Fire Warden

REPORT OF BUILDING COMMITTEE

Jan. 11, 1966

The Board of Selectmen
Town of Lyman, Maine

Dear Sirs:

Herewith is the working copy of the Building Code for the Town of Lyman, worked out by the committee you called together November 11, 1965.

We have tried to pare it to what we considered the most needed articles, phrased in as simple terms as possible, with the hope that it could be passed in 1966.

If the Code is passed in 1966, we earnestly suggest that a copy of it be enclosed with each 1966 tax bill, to notify all owners equally.

The committee has met three times, with additional conferences as needed, and we are all sincerely interested in seeing this—or a—code passed at the next Town Meeting. If there is anything further we can do, such as clarifying our meanings to the Selectmen, or to the Town Counsellor, we shall be glad of the opportunity to do so.

Respectfully submitted,

IDA S. MALLORY

Secretary to the Committee

Oscar Rundgren, Chairman
Carl Rhodes — Ida Mallor, Secretary
Willard Rollins — Raymond Lord
Douglas Spencer — Ralph Drown

WORKING COPY

TOWN OF LYMAN BUILDING CODE

Section 1.

The spirit and intent of this Building Code is:

To promote the attractiveness of Lyman for its present and future residents.

To prevent lowering of property values;

To advance the public health, safety and convenience;

To aid in preventing fire and accident;

The intent is to control, regulate and improve the future character of building in Lyman; it is not intended to change buildings already completed, or in actual process of building.

To this end, this code is designed to regulate minimum sizes of lots used for dwellings or other buildings; to secure safe and proper construction of foundations, walls, roofs and chimneys; to set a maximum time for completion of outside of buildings; and to insure use of safe and suitable materials and workmanship.

Section 2. Building Inspector

a. A Building Inspector shall be appointed by the Selectmen for a three year term.

b. The duties of the Building Inspector shall be:

(a) To issue permits, as defined in Section 3

(b) To enforce laws, regulations and ordinances which pertain to construction, alterations, additions to outside of buildings; or removal or demolition of buildings or other structures, in the Town of Lyman.

(c) To have power to reject or forbid use of materials which, in his judgment, do not comply with the intent of this code.

(d) To have the descretion to authorize use of new materials which he believes to be in compliance with this code.

(e) To enforce generally accepted good building practices, according to the State of Maine plumbing and electrical codes, and the standards of the National Board of Fire Underwriters.

(f) To report to the Selectmen, and to present a written report for the annual town report.

Section 3. Permits

A. A permit shall be required to construct, reconstruct, make external additions, enlarge, move or place any building for dwelling or commercial purposes in the Town of Lyman.

B. Permits shall be issued by the Building Inspector to owner or builder at a cost to be determined by the Selectmen (not less than two dollars). This fee shall be paid to the Building Inspector.

C. A permit shall expire if work has not been started within three months of date of permit. (See also Sec. 10 & 11)

D. Permit may be renewed for one year in cases of special hardship as determined by the Board of Appeals.

E. Oversight or neglect of duty by the Building Inspector shall not legalize any construction in violation of this code.

Section 4. Size of Building Lot

After the effective date of this code, no dwelling, commercial structure, mobile home, or trailer for living purposes shall be built or placed upon a lot smaller than 20,000 square feet. This applies to any building used as a residence, whether year around or seasonal. (except as in Sec. 11)

Section 5. Boundary Lines

A building or other structure (fences excluded) shall not be constructed, reconstructed or placed within eight feet of a boundary line.

Section 6. Size of Dwelling

No dwelling shall be constructed, reconstructed or placed in the Town that encloses an area less than four hundred square feet on the ground floor.

Section 7. Foundations

A building shall be set on a concrete slab, stone or masonry wall. Masonry posts shall be permissable under waterfront buildings.

Section 8. Chimneys and Smokepipes

A. A chimney shall be—

(a) constructed of solid masonry or reinforced concrete, or other approved material.

(b) lined with a burned fire-clay flue lining or equal.

(c) built on a concrete or masonry foundation.

(d) if external, built on a footing which starts below the frost line.

(e) extended at least three feet above any roof within ten feet.

B. A smokepipe shall not pass through a combustible wall or partition, unless it is guarded at the point of passage.

Section 9. Roof

Every roof hereafter placed on a building shall be covered with a roofing of tile, slate, concrete, metal, asbestos, prepared asphalt shingles which are surfaced with a granulated slate, built-up roofing with asphalt and slag or gravel, or other approved material.

Section 10. Outside Finish

A. All exterior walls shall have a covering of clapboards, novelty siding, asbestos, wood or asphalt shingles, brick, stone, aluminum siding or other approved material.

B. The exterior finish shall be completed within twelve months from date of permit.

Section 11. Special Provisions

A. The Building Inspector may waive provisions of the Lyman Building Code that create a hardship to temporary recreational, wood, lumbering and construction operations during the period of such operations.

B. The Building Inspector may order the removal, at owner's expense, of any building or structure used in connection with operations referred to in this section, when in the judgment of the Inspector, the building or structure has served the purpose for which it was intended, and is not in the spirit or intent of this code.

C. The provisions of this code do not apply to road side sales stands in active use and kept in decent order and condition, and are approved by the State Department of Health.

Section 12. Violations

The Selectmen shall institute in the name of the Town, any and all actions, legal and equitable, that may be necessary for the enforcement of this code. Violation shall constitute a misdemeanor, punishable by a fine of not less than five, nor more than one hundred dollars.

Section 13. Appeals

A. A Board of Appeals shall be established consisting of three members, so appointed that the term of one expires each year.

B. The Board of Appeals shall consider written appeals from decisions of the Building Inspector, and special hardship cases. Decision of the Board shall be final.

C. It shall further be the duty of the Board to review and make recommendations for amendments to this Code annually.

KEEP MAINE GREEN

WARRANT

March 11, 1967

To Inez M. Elliott, a Constable in the Town of Lyman, County of York and the State of Maine:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lyman, County of York, qualified to vote in town affairs, to meet at the Cousens Memorial School, in said town, on Saturday, March 11th, A.D. 1967, at 9:30 o'clock in the forenoon, then and there to act on the following articles to wit:

The polls will be opened at 10:00 o'clock A.M. and close at 2:00 o'clock P.M.

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose a clerk, a treasurer, a collector of taxes, a constable, a road commissioner for a term of one year; one selectman, assessor and overseer of the poor for a term of three years.

Article 3. To see what sum, if any, the town will vote to raise and appropriate for State Aid Road Construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Sections 44, 49 and 50, Chapter 23, Revised Statutes of 1954 as amended.

($1066.00 from taxes) yes

Article 4. To see if the town will vote to authorize the assessors to rescind any amount appropriated by the town for State Aid Construction in excess of the amount required to meet State apportionment. yes

Article 5. To see what sum, if any, the town will vote to raise and appropriate to repair its highways, bridges and pond roads.

($2500.00 from taxes)

Article 6. To see what sum, if any, the town will vote to take from the accumulated surplus for cutting bushes on town highways.

($250.00)

Article 7. To see what sum, if any, the town will vote to raise and appropriate for street lights and blinker lights.

($300.00 from taxes)

Article 8. To see what sum, if any, the town will vote to raise and appropriate for snow removel and sanding of roads in winter.

($3000.00 from taxes)

Article 9. To see if the town will vote to withdraw the current years interest from the Horace Cousens Reserve fund to apply toward the current year's school appropriation. yes (A556 apx)

Article 10. To see if the town will vote to raise and appropriate the necessary funds for Lyman's approved school budget. Tabled

AUDITOR'S REPORT

February 14, 1967

Board of Selectmen
Town of Lyman
Lyman, Maine

Gentlemen:

In accordance with Title 30, Section 5253 of the Revised Statutes of 1964, we have audited the financial records of the Town of Lyman for the fiscal year ended February 6, 1967.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary in the circumstances.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of Lyman, and the results of its operations for the municipal year ended February 6, 1967.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/j

COMMENTS

CASH BALANCE

The General Fund Cash on deposit in the Canal National Bank of Saco, was reconciled with the bank statement, and a written confirmation of the balance was made directly with the bank. Also, the balance of all Trust Funds were verified by written confirmation.

UNCOLLECTED TAXES and TAX LIENS

Unpaid taxes and tax liens at February 6, 1967, were verified by written confirmation to the extent deemed necessary at the time of audit.

GENERAL

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined, and found to be adequate and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

The Selectmen's records were kept by double entry bookkeeping and a trial balance is taken as often as once a month. Detailed records are kept of all accounts to support the balances as shown on the trial balance.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded Assets and Liabilities.

Vouchers and cancelled checks were examined, complete for the year. Bond and insurance coverages were examined. Excise tax collections, for a selected period, were verified with copies of the receipts retained by the Tax Collector. The School and Cemetery Trust Fund Investments and Savings Accounts were physically verified.

REPORT OF THE

SUPERINTENDENT OF SCHOOLS

To the School Directors and the Citizens of the Town of Lyman:

This report is rendered on the basis of an extremely busy few months since I began my term of office on September 19, 1966.

The six towns officially became School Administrative District No. 57 on June 23, 1966. Schools opened September 7, with Lyman's enrollment as follows:

Grade	Pupils	Grade	Kennebunk High School	Sanford High School	Thorn. Academy	Glen Cove	Total
1	17						
2	19	9	5	3		1	11
3	27						
4	15	10	9	2	1		12
5	10						
6	17	11	7				7
7	9						
8	18	12	9	2			11
Total	132		30	7	3	1	41

Total pupils in all grades—173

Teachers new to the system last fall were Mr. John Perkins, a graduate of Washington State College with five years' teaching experience, who teaches grades six and seven this year, and Mrs. Helen King

who prepared at Gorham State College and who has fifteen years of previous teaching experience, replacing Mrs. Louise Vold in grade three.

Major improvements last year include new desks and chairs for the eighth grade room, painting of the cafeteria, refinishing floors in the corridor and in Mr. Perkins' and Mrs. King's rooms, insulation, railing, and driveway.

With respect to the continuing differences of opinion concerning the site of the proposed six-year secondary school, it is important to bear in mind constantly that all six member towns have registered their affirmtive vote for the proposed school at one or both sites, as listed here for the record:

	Referendum of November 26,1966		Referendum of January 14-16, 1967	
	Yes	No	Yes	No
Alfred	135	252	168	124
Limerick	335	49	272	41
Lyman	36	205	137	45
Newfield	105	28	8	120
Shapleigh	182	35	3	219
Waterboro	70	403	405	58
Total	863	972	993	607

Education in its broadest sense is considered one of the most rapid growth areas in the country. Changes in teaching techniques and in instructional materials are coming with startling rapidity. It is vital that youth and adults alike recognize the importance of these changes, just as they recognize the accelerated changes in medicine, automation, nuclear energy, and the space age. To a constantly increasing degree entrance to employment in both the professions and the

trades is dependent upon either formal or vocational education, or on-the-job training. The task of providing the staff, the program, and the educational plant for this vital function is an awesome one.

The school years immediately preceding the usual four years of high school, whether termed the middle school or junior high, are more and more receiving the recognition they deserve in the rule of properly preparing adolescents for the secondary school stage of their educational development. Adequate facilities, a variety of curricular offerings, departmentalized instruction, and a student body large enough to provide sectional grouping of pupils by interest and course, all contribute to the effectiveness of the program. It would be prohibitively expensive to provide the facilities and organization for a quality program of this type in each of our town schools. However, such a program becomes economically feasible as a part of a six-year secondary school such as is proposed for the District.

The provision for an elementary supervisor, is an important forward step in coordinating and improving the instructional practices and materials in your present schools. Based on a short and busy three months, your teachers are generally performing well, they are receptive to suggestions, cooperative, industrious, and they want help in developing a more effective program.

The teachers have indicated their opinion that a curriculum study is most needed in the area of science, and Mr. Powers is heading a staff-study in this area. It is expected that a textbook adoption will be recommended by spring. Modern mathematics is a likely area for the next study.

An in-service program of grade-level meetings is also being conducted by the elementary supervisor. A series of art workbooks which have proven very successful in systems without art supervisors are currently being made available to each school. One first grade teacher is trying a phonics program, **Phonetic Keys** by name, and other teachers will watch this trial with interest. Work is underway on a teachers' manual for the District.

Steady progress should be made to provide equalized provision of maps, globes, encyclopedias and other instructional aids. A similar program is recommended to upgrade standards in the physical plant, such as lighting, painting, play equipment, window shades, pupil furniture, and black topping.

There are several areas where new or expanded services are needed, if the schools serving the children for whose education you bear direct responsibility are to offer the same educational advantages generally provided by reasonably progressive districts. These are not frills, but are considered both desirable and necessary to the basic program. They include kindergarten classes, art and music instruction, more adequate library facilities for elementary schools, guidance services at the junior high level, and special instruction for the mentally handicapped.

Recognizing that unmet needs which have accumulated over the years cannot be provided overnight, it would seem reasonable to chart a course of steady progress toward these goals.

An outstanding development in education in the past year has been the direct introduction of Federal funds for use at the local level. The form in which

Federal aid to education has finally arrived is distinctly not the form which has been advocated for decades by the nation's educators. An applicaton has been submitted for Headstart classes located in the same towns as for last summer, but with a request for flexibility for any adjustment which may be needed after eligible pupils have been enrolled. Title I supervisors have been requested to assist with the planning of a summer remedial program. The allocation for 1967 will be somewhat smaller than that for 1966. It is anticipated that funds will be allocated before spring to provide more library books under Title II.

The teaching profession is undergoing a startling change in the direction of greatly increased professional organization. The areas of their interests include salaries, fringe benefits, negotiation, agreements, working conditions, class size, supervision, and provision of adequate instructional materials. It must be recognized that in addition to direct benefit to teachers, their activity is directed to the substantial improvement of education itself.

Rapid progress is underway in Maine in the improvement of teacher salaries, and we must meet the competition in order to staff the schools adequately. Financing competitive salaries will be all the more painful because district salaries are so generally low to begin with. Other factors affecting the attractiveness of a school system include community climate as shown in respect for teachers as educators and as persons, availability of housing, and general adequacy of the school program as evidenced by school organization, buildings, instructional materials, and provision for adequate supervision.

In closing it should be emphasized that School Administrative District No. 57 provides the vehicle for achieving what the member towns cannot hope to achieve individually—substantial progress toward an educational program geared to today's needs.

Respectfully submitted,

CARROLL B. RONCO

Superintendent

REPORT OF PUBLIC HEALTH NURSE

Lyman — 1966

Citizens of the community are essential members of the health team. Alert to the particular needs of their community, they take their share of responsibility to meet these needs and help the public health nurse in carrying out the program. Your local health council has been of valuable assistance during the year.

Your public health nurse through the Division of Public Health Nursing of the Department of Health and Welfare participated in the following programs:

Three Child Health Conferences were held jointly with the town of Dayton during April, May and June with a total attendance of 26. Only two received the physical examinations which were offered at each conference. The following immunizations were given:

Smallpox	12
Diphtheria, whooping cough & tetanus—	
Series	2
Boosters	8
Polio—	
1st	2
2nd	1
Boosters	7

In the fall 42 pupils from grades 1-4-7 were given physical examinations by Dr. J. R. Downing. No real serious defects were found and home visits were made to interpret the findings to the family and help them make plans for correction. Audiometer tests were done

on 40 pupils. This includes the 2nd grade and all pupils from other grades referred by the teachers. Twenty-nine pupils from grades 1 and 7 were given the tuberculin test and all were negative. Vision rechecks were done on 24 pupils referred by the teachers following their screening. Many of these children have obtained glasses and are thus able to do better school work.

The opportunity to interview parents regarding the child's health history and immunizations at pre-school registration has been a satisfying experience. The information obtained is included in the school health record.

In December a measles clinic was held jointly with the town of Dayton. Twenty-four school age children and 17 pre-school children have been protected against this serious disease. It is hoped that measles vaccine may be offered at Child Health Conferences in the future. Let us make it our goal to protect every child in Lyman against measles in 1967.

Home visits were made to families with specific health problems where I could be of assistance.

I would like to take this opportunity to thank everyone who has supported the program. I am especially grateful to the Health Council for their volunteer assistance.

Respectfully submitted,

(Miss) FLORENCE G. POIRIER, R.N.

Division of Public Health Nursing

HEALTH COUNCIL REPORT

Our first project this year was to clean and paint the girls' bathroom during February vacation.

On March 1, twenty-nine children from grades 1 and 7 were tested for tuberculosis. There were no positive reactions.

Child Health Conferences were held April 5, May 3 and June 7. These are well-baby clinics where all preschool children may be examined and given inoculations and vaccinations—free of charge.

The ninth annual mouth health project for Lyman was completed during July by a dental hygienist from the State Division of Dental Health. Twenty-nine children participated in the program that was carried out in the Dayton Elementary School. Each child had his mouth examined, a thorough prophylaxis, toothbrushing instructions and four applications of sodium fluoride. There was a distinct difference between each visit in that each child improved with each day. The dental hygenist reported that if the interest and response of our parents and children continues, we should be seeing a great improvement in the dental care in Lyman.

Swimming lessons were held for three weeks during the middle of the summer at Mr. and Mrs. Winfield Sawtelle's beach on Swan Pond. School-age children living in Lyman are eligible to attend these classes sponsored by the Council and taught by licensed Red Cross instructors. Transportation from the village was provided this year by Mrs. Stanley Stearns.

School children in grades 1, 4 and 7 were given physicals by Dr. J. Robert Downing November 1 and 8. Miss Florence Poirier, R.N. visited the homes of children who were found to have small defects and explained the results to the parents.

During Diabetes week members of the Council tested samples of urine from the school children and from townspeople who sent samples to the school. We are happy to report that no positive results were found. We urge more people to take advantage of this free testing

A Measles Clinic was held December 6 for all children in the town who had not already contacted the old-fashioned measles or had not previously taken the vaccine. It is believed that, once innoculated, the child is immune for life. This vaccine cannot be administered at the same time another shot is given. We hope to have the serum available at our Child Health Conferences.

Regular meetings were held on the third Tuesday of each month with the exception of June, July, August and December at the homes of members and friends. Miss Florence G. Poirier, R.N. attended every meeting to guide us in our public health work and to answer the many questions that arise pertaining to family and community health. Any person interested in this work is sincerely invited to attend our meetings which are announced ahead of time in the local papers.

We wish to take this opportunity to thank Miss Florence G. Poirier, R.N. and Dr. J. Robert Downing, our school physician for all their help and for their

interest in and dedication to our children and townspeople.

GOODWINS MILLS FIRE DEPT., INC.

REPORT OF THE CHIEF

During the past year your fire department has answered the following calls:

Chimney	2
Grass	3
Dump	1
Brush	9
Drowning	1
House Trailer	1
House	4
Oil Burner	2
Incinerator	2
False Alarm	1

A total of 26 located in the following towns: Lyman 20; Dayton 5; and Biddeford 1.

The extremely dry conditions of the past summer, again created a very serious fire danger. By extreme vigilance on the part of all and the prompt reporting of any smoke, we were able to avert any major fire disaster. Also, we were able to forego the necessity of fire patrols which we had been considering. We feel that the continued control of the Dayton dump has also helped to keep down the number of calls answered.

You will notice in our treasurer's report that we seem to have an unusually large balance. Approximately $300 of this has been raised by the members through suppers, dues and by donations. This money will be used for some project which has not been determined

as yet. Also, some $170 in bills are due but because we postponed our last regular meeting, payment could not be approved. Therefore, we are asking for your approval for the same three articles in the warrant as last year.

Your attention is again directed to the laws regarding fire permits and approved incinerators. Your Town Forest Wardens will be glad to answer any questions that you may have concerning these laws. Stricter enforcement of these laws has been instituted by the State.

On behalf of all the members, I wish to thank all of you for your continued cooperation and support of any project which we undertake.

Respectfully submitted,

EDWARD MULLEN, Chief

BOARD OF APPEALS, BUILDING CODE

TOWN OF LYMAN

The Board of Appeals in the last year has considered eight appeals, three on Bunganut Pond, two on Kennebunk Pond, three on Wadleigh Pond. Seven appeals were granted.

Our general policy has been to approve exceptions where the property was held by the same owner before the Code was adopted by the Town. We have tried in each case to explain the general purpose of the Code, especially in regard to water pollution—in one case, providing for one septic tank for two adjoining cottages, where sufficient area was not available otherwise.

The Board has worked together harmoniously, receiving an opinion on each case from the Building Inspector, Mr. Burbank, consulting maps, and hearing all arguments. There have been no appeals from the decisions of the Building Inspector except where the Inspector found conditions requiring a variance from the established Code.

Respectfully submitted,

IDA S. MALLORY, Secretary

Board of Appeals
